San Antonio, TX 78204

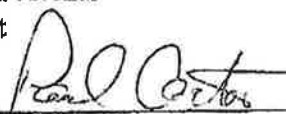

Dear Shanon :

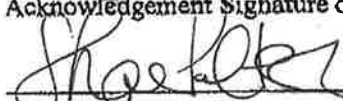

This letter is to acknowledge an agreement with Paul Carter to allow the San Antonio Conservation Society to take possession of and store the limestone blocks from the Wolfson Building at our warehouse property at 300 Cassiano. It is our understanding that these blocks shall be used for local restoration and construction projects. The stones will also be made available to Mr. Carter for his use, upon request.

We value the cooperation that can come out of such a tragic event and thank you for your part in this process.

Yours truly,

  
Nancy H. Avellar  
President

The Purpose of this Society is to preserve and to encourage the preservation of historic buildings, objects, places and customs, relating to the history of Texas, its natural beauty, and all that is admirably distinctive to our State; and by such physical and cultural preservation to keep the history of Texas legible and intact to educate the public, especially the youth of today and tomorrow, with knowledge of our inherited regional values.
