## STATEMENT

Historic and Design Review Commission

Re: Agenda Item No. 36: 235 Yellowstone, Mission Historic District  
HDRC Case No.: 2018-541

The San Antonio Conservation Society supports the ongoing preservation of the residential property at 235 Yellowstone. The extensive photo documentation provided to the Historic and Design Review Commission demonstrates that the double house retains many original features, including shiplap siding, double-hung windows, original doors and hardware and even a unique sash window stop. This historic integrity means that the property is clearly a contributing feature to the historic district. As a property owner in this district, the Society urges the ongoing conservation of this property and its neighbors.

Respectfully,

SAN ANTONIO CONSERVATION SOCIETY
