STATEMENT:

TO: Historic and Design Review Commission, City of San Antonio
RE: Agenda Item B-14: 122, 126, 130 Boston
Historic District: Dignowity Hill Historic District
HDRC Case No. 2019-133

The Conservation Society of San Antonio concurs with the OHP Staff recommendations regarding the proposed designs for 122, 126, 130 Boston. Of primary concern is the proposed method of stucco application with contemporary expansion joint spacing, which is inconsistent with the design of historic buildings in the surrounding area.

Respectfully submitted,

THE CONSERVATION SOCIETY OF SAN ANTONIO
