RE: Item B-22: 335 Trail
Historic District: River Road
HDRC Case No.: 2019-641
RIO District: RIO-1

The Conservation Society of San Antonio continues to support the recommendation of the Office of Historic Preservation that the street-facing, front-loaded garage doors for 335 Trail not be approved. They are out of character with the design of the River Road Historic District. We continue to support the several stipulations that the developer has agreed to. The Conservation Society is also concerned about the visual impact of the large cistern tanks on the trail as it passes the development.

Respectfully Submitted,

THE CONSERVATION SOCIETY OF SAN ANTONIO
