STATEMENT:

TO: Historic and Design Review Commission, City of San Antonio

RE: Item A-7: 151 E. Travis Street

HDRC Case No.: 2019-715

RIO District: RIO-3

The Conservation Society of San Antonio opposes the continual encroachment of new buildings onto the public right-of-way, especially along our famous River Walk. The previously approved project at 151 E. Travis now requests an overhang of three feet, eleven inches above the River Walk. This is a material change to the project, yet the applicant has not provided a shades and shadows study to show how much more this overhang will affect the public sidewalk. Given the information presented, we oppose this change.

Respectfully Submitted,

THE CONSERVATION SOCIETY OF SAN ANTONIO
