

The Conservation Society presented its first awards at a Founders Day ceremony on March 22, 1949. The annual awards were established to recognize individuals and organizations throughout the state of Texas that contributed to the aims of the Society's founders: preserving historic architecture, documents, pictures, objects, names, customs, natural beauty, or "whatever is admirably distinctive of Texas." The Texas Preservation Hero Award was created in 1988, and Bruce MacDougal Award For Young Preservationist in 2017. Beginning in 1979, the awards were divided into two distinct categories, Historic Preservation Awards and Publications Awards, and since 1993, the award ceremonies have rotated on a bi-annual basis.

*The purpose for which **The Conservation Society of San Antonio** is formed is to preserve and to encourage the preservation of historic buildings, objects, places and customs relating to the history of Texas, its natural beauty and all that is admirably distinctive to our State; and by such physical and cultural preservation to keep the history of Texas legible and intact to educate the public, especially the youth of today and tomorrow with knowledge of our inherited regional values.*
