Saturday, May 2, 2026 @ 10:00 AM
643 E. Nueva St, San Antonio, Texas 78205

We invite you and your friends to join **The Conservation Society** and noted architects, historians and preservationists in a lively and informative panel discussion about the past, present and future of historic buildings in Hemisfair Park. After the program, enjoy a Saturday in the park by taking a self-guided tour along historic Goliad Street. A map of Hemisfair's historic buildings will be available. Don't forget to register for this rare opportunity to revisit the past, enjoy the present and anticipate the future of Hemisfair.

The **first 100 registrants** will receive a gift bag including the commemorative pin as a thank you from our sponsors. For more information and registration info, visit www.saconservation.org/hpm

The views expressed by our panelists do not represent the positions of this organization or its sponsors.
